TOP 2003 FORTIA 5

TOP ON CLASS 5: THE SECURITY HAS REACHED THE PEAK

Those who know and appreciate the quality of this products range won't be surprised by the security performances reached by the new model TOP 2003 FORTIA 5. Vighi, through a constant research, the use of quality materials and exclusive production systems, has been successful in obtaining the highest anti-burglary test, the Class 5.

TOP 2003 FORTIA 5 finds its ideal location in places with the highest security requirements, such as banks, jewelry stores, military facilities, embassies and private settings for the protection of dear ones and high-value assets.

TOP 2003 FORTIA 5 doors are tested Class 5 anti-burglary resistant according to EN 1627:2011 - 1 norm.

TOP 2003 FORTIA 5 is provided of double lock.

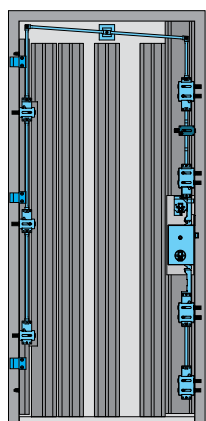

When the door is closed for the main lock, turning the key of the secondary lock, the cylinder stops rotation of the main lock key, which controls the deadbolts. This is a useful solution for preventing, if necessary, access to the people who hold the key of the main lock.
